

Thank you for visiting our exhibition displaying our proposals for the redevelopment of the Castle Mill site at Jericho. Your feedback is important to us and will be taken into consideration as we progress the plans towards submitting a planning application.

The site is allocated for residential development in the Oxford City Council local plan. Policy DS.13 of the adopted Oxford Local Plan (2001 – 2016) states that planning permission will be granted for a mixed-use development that includes all of the following uses: residential; community centre; public open space/square; replacement riverside/canal uses; and a new bridge over the canal for pedestrians and cyclists.

We would welcome your views on the current proposals, in light of the above guidance and the plans which you have seen here today.

1. Spring are ^{proposing} getting land to the Jericho Community Association for the development of a new community centre. Are you in favour of this aspect of the proposals?

Yes No Don't know

2. The proposals seek to support the local community by including a new public square which will be landscaped and maintained on behalf of the community. Are you in favour of this aspect of the proposals?

Yes No Don't know

3. The proposals include a new winding point on the canal. Are you in favour of this aspect of the proposals?

Yes No Don't know

4. The proposals include a new bridge across the canal which will improve accessibility and the connections to and from the local area. Are you in favour of this aspect of the proposals?

Yes No Don't know

5. We are currently considering different elevational treatments.

Please indicate if you have a preference:

Render Brick Steel Glass

Cladding

Other, please specify:

6. Spring are currently considering options for the 'look' of the development. Of the options presented, which would you prefer?

Design Option A: Contemporary Design Option B: Traditional Don't know

7. The enhancement of the public realm is an important part of the proposals. We are currently looking at how we can design the new public square and public spaces to maximise community use. We would like your suggestions as to what you would like to see in the public square:

Seats or benches Tree planting Cycle hoops
 Hard landscaping Soft landscaping Improved public accessibility
 to the canal Other? (Please specify)

8. What are your views on the proposed layout of the development?

Positive Negative Don't know

9. Do you have any other comments on the design?

10. In your opinion, what are the strengths of the scheme? Please explain

11. In your view, are there any weaknesses of the scheme? Please explain.

12. Any other comments?

If you would like to leave your details, we will keep you updated with the progress of our proposals.
